

## **Partner Housing Building Projects**

Updated: 1 March 2015

Partner Housing is providing “finance, design, materials supply, supervision, mentoring and training” programs for village projects in five Asia-Pacific countries:

### **Papua New Guinea**

Partner: Vision for Homes

Provide financial and technical support to our partner NGO in the Western Highlands of Papua New Guinea, for the continuation of an extensive program of building affordable house in rural villages, school building and clinics near Mount Hagen.

### **Solomon Islands**

Partners: North Ranongga Community Association and South Ranongga Community Association

Extend the village water reticulation and sanitation programs in Ranongga, one of the remote islands of the Solomon Islands Western Province. This project involves funding, materials supply, supervision and mentoring for the construction of village latrines and water reticulation.

### **Philippines**

Partner: Save Gibitngil Island Association

Fund design and construct modular “Basic Shelters” for reconstruction after Hurricane Haiyan.

### **Cook Islands**

Partners: Australian Red Cross and Cook Islands Red Cross

Provide financial and technical support to extent the current house remediation project to improve the cyclone resistance from Mangaia to Mitiaro in the Cook Islands.

### **Bangladesh**

Partners: Livingstone School

Finance and technical assistance for school classrooms and women’s refuge.
